originally published london allen lane 1971

the discipline of urban design is undergoing a rapid expansion and realignment it is experiencing a shift from a profession dominated by architects and planners directed at urban development to a more expansive set of practices engaging new forms of social and environmental ecologies as cities worldwide adapt to economic restructuring mass migrations and climate change bringing together classic and new texts from the last 40 years this ad reader focuses

attention on the critical tools needed to understand how cities have been designed and constructed and then changed over time this enables new ways of envisioning how cities must be conceived and adapted in the future to the dual conditions of rapid urbanisation and economic restructuring coupled with unpredictable environmental conditions due to climate change with its emphasis on both urban design and the ecological this book brings together key articles that point the way forward for reconciling the often conflicting concerns of urbanism and environmentalism twenty three texts are organised into four distinct sections covering metropolitan architecture the sprawling megalopolis the megacity and the recently emerging metacity these are broadly chronological and highlight the recent thinking behind some of the key urban developments ranging from the art of traditional city making covered by european architects and historians in the late 20th century to contemporary tokyo described by atelier bow wow features original texts from reyner banham rem koolhaas aldo rossi colin rowe david grahame shane bernard tschumi oswald mathias ungers and robert venturi denise scott brown and steven izenour contains newly commissioned texts from mary cadenasso sharon haar and victoria marshall carlos leite steward ta pickett and albert pope includes new translations of important essays by vittorio gregotti and paola viganò topics range from the european historic city to the las vegas strip and the megacity of são paulo taking in the global sustainable city

evaluates for the first time one of the foundational works in architecture criticism immediately on its publication in 1972 learning from las vegas by robert venturi denise scott brown and steven izenour was hailed as a transformative work in the history and theory of architecture liberating those in architecture who were trying to find a way out of the straitjacket of architectural orthodoxies resonating far beyond the professional and institutional boundaries of the field the book contributed to a thorough rethinking of modernism and was subsequently taken up as an early manifestation and progenitor of postmodernism

in this original and engaging book cécile whiting examines what pop looked like when it left the highbrow cloisters of manhattan's art galleries and ventured westward to the sprawling suburbs of los angeles

arranged in alphabetical order these 5 volumes encompass the history of the cultural development of america with over 2300 entries

the publication presents the first historical analysis of the tension between the city and architectural form it introduces 20th century theories to construct a historical context from which a new architecture city relationship emerged the book provides a conceptual framework to understand this relationship and

comes to the conclusion that urbanization may be filled with potential i e be a good metropolis

1977 to present citations to articles from more than 1 000 periodicals in all western languages including all major architectural journals published in the u s and great britain as well as most south american european and japanese architecture related periodicals

branded a cultural chernobyl and the tragic kingdom the euro disney resort has been on its own thrill ride since opening in 1992 the much publicized version of the magic kingdom gave europeans alcohol free mocktails surly employees even colors too muted for the disney image facing financial disaster was it any wonder that disney execs found themselves wishing upon a star for answers after so many knee jerk criticisms of euro disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of american cultural imperialism andrew lainsbury a former euro disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine europe s love hate relationship with euro disneyland and some of the undiscussed issues surrounding it once upon an american dream is a story of global capitalism on a grand scale lainsbury has plumbed company archives and interviewed key players to give readers the real view from le chateau de la belle au bois dormant sleeping beauty s castle he cracks open the euro disney controversy to reveal the park not as a tragic experiment in exporting american culture but the result of european efforts to import a popular form of american entertainment lainsbury tells how the walt disney company came to build a european park and locate it in france how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from saudi arabia he reveals what it took to win back the hearts of skeptical europeans such as serving wine selling flashy merchandise and placating disgruntled workers finally he looks into the magic mirror to speculate on the role of euro disney and the walt disney company in the twenty first century ultimately lainsbury shows that cultural imperialism is not an exclusively american phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared once upon an american dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what euro disneyland is all about

this book explores the visual and material cultures of presidential commemoration memorials and monuments libraries and archives and the problematic ways

in which presidents themselves have largely taken over their own commemoration the author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self images and as another sign of our preoccupation with celebrity culture ultimately he contends these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority and presidential self commemoration since fdr

the 12 buildings of iconic la identifiable the world over demonstrate the personality and power of los angeles as a major metropolis each of these buildings has played a role in the human drama rife with intrigue political struggle tragedy and triumph

on the sunset strip in los angeles in 1965 and 1966 an electrifying scene appeared out of nowhere exploded into creativity and then just as suddenly vanished so much remarkable music art and social revolution came from one place at one time it's difficult now to grasp how it all happened in that moment rock n roll displaced movies as the centre of action in hollywood this book tells the story of that astonishing time the nightlife was a heady mix of modernist design pop art and beat aesthetics from the moment the byrds debuted at ciro's on march 26th 1965 with bob dylan joining them on stage right up to the demonstrations of november 1966 sunset strip nightclubs nurtured and broke the doors love buffalo springfield frank zappa's mothers of invention captain beefheart his magic band the turtles the mamas the papas and many others the strip was a hotbed for garage punk bands such as the standells the seeds the music machine and the electric prunes folk rock and psychedelia were born there and it was a favourite hangout and inspiration for the beatles the rolling stones them the velvet underground and the yardbirds pop art and rock n roll combined and the new fusion quickly permeated television animation and new hollywood's indie cinema
